Requirements:

- Vehicle Declaration Form: must be filled out completely for all vehicles being shipped.
- [Letter of Authorization](#) (LOA): If you would like Tropical Shipping to prepare and submit the [Electronic Export Information](#) (EEI) on your behalf, the appropriate authorization form (for a business or individual) must be completed.
- [Hold Harmless Waiver](#): must be signed if your vehicle is classified as a “non-operable” vehicle. Tropical Shipping reserves the right to refuse receipt of a vehicle if it does not meet requirements for safe handling.
- Copy of the Title or MSO (Manufacturer’s Statement of Origin): If purchased, the Purchaser’s name must appear on the Title/MSO
- For vehicles (8) eight model years and older, ocean freight charges must be paid in advance; prior to the vehicle being exported.

Conditional Forms and Documents:

Form:	Suggested when:
Motor Vehicle	The back of the title is full of names of previous owners
Letter of Authorization, written on Company Letterhead	The vehicle belongs to a Company. The letter must declare that the person signing is an Officer of the Company and authorized to sign Power of Attorney
Bill of Sale	The vehicle is a new purchase
We recommend that you check with your lien holder or lease company to identify if there are any restrictions on exporting your car to the USVI.	There is a lien holder on the title

Vehicle Preparation:

Federal regulations (CFR 176.905[d]), require that there is less than ¼ tank of fuel/propane tanks must be empty.

Remove all loose items and personal effects from the vehicle, including the trunk. If you wish to ship personal effects, the cargo must be packed for export and Tropical will ship that cargo as LCL at an additional cost. An itemized Packing List with an estimated value per box is required by U.S. Customs.

Any part/item that would normally be permanently installed in/on the vehicle, but is loose or not bolted in, should be removed.

Vehicle Measurements will be verified by our Receiving Agent. In the event of a discrepancy between your measurements and ours, you may request a re-measurement prior to signing the Dock Receipt. Your signature acknowledges the accuracy of the measurements recorded on the Doc Receipt, and will be used to compute the price of shipping your vehicle.

No change to measurement figures will be allowed after our acceptance of your vehicle for shipment.
